### ➤ HOW TO CARE FOR YOUR PRODUCT

Dust the beech legs with a lint-free cloth. If polishing is required, use Renaissance Wax (if compatible with the finish applied - please check with us). Avoid any acidic, silicone or harsh abrasive cleaners (e.g. Cif or Mr. Sheen). Apply sparingly with a soft, lint-free cloth. Remove excess with a second cloth.

Any marks on the blackened steel are to be removed with a dry cloth and any spillages are to be dried immediately as moisture can cause rust. Carnabua Wax will protect and give the surface a light sheen and is to be applied sparingly with a clean lint-free non-abrasive cloth. Buff the wax gently with a second cloth to remove any residue.

To maintain the appearance of the patinated brass use Carnabua Wax. Rub in sparingly with a soft, lint-free cloth. Wipe off excess with a second cloth. Take care not to get wax on any woodwork.
