

## COMMISSIONING BESPOKE

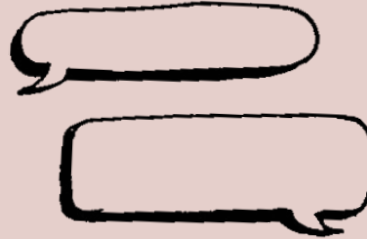

### 1. Idea

You can't find what you need; we can make it for you. Let us know your idea for your bespoke piece of furniture.

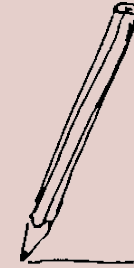

### 2. Brief

Talk to us about what you need, providing us with dimensions where possible.

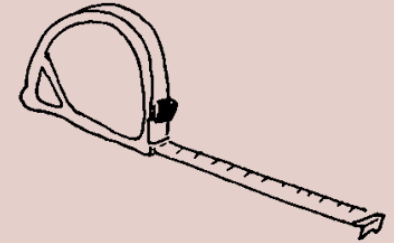

### 3. Discussion

We can talk you through material options and have a vast library of samples to help you realise your vision.

### 4. Sketch

Following our meeting, our design team will create a mock-up sketch of what your bespoke piece will look like.

### 5. Survey

We visit your property to measure up and survey the space (if required).

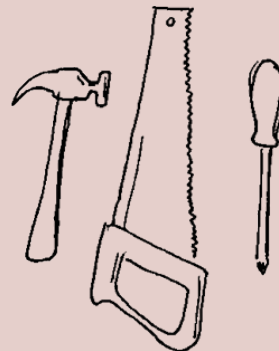

### 6. Presentation

The working drawing, along with materials and any other information is presented to you.

### 7. Approval

After the presentation, you may have a few tweaks. Only once you are happy, do we move on to production and a deposit invoice will be issued.

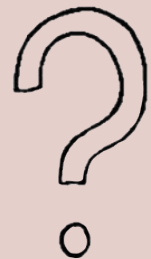

### 8. Make

Crafted by hand in our Shropshire workshops, your furniture should be made within 12-16 weeks.

### 9. Install

Once your furniture is made, our skilled team of installers will fit your bespoke piece.

### 10. Still too much?
